Children Cry FOR FLETCHER'S CASTORIA

Why Guns are Fired in Salutes. This is a sign of honor reserved for royal and very distinguished persons. When ships or coast forts fire their guns to welcome a distinguished visitor the compliment, though noisy in form, is more delicate in intention than some of us know. It means that we know the purpose of the visitor's coming is so peaceful that we need not keep our guns loaded, but joyfully empty them in his presence.

Wealth of Nations. The wealth of nations is counted on a "true valuation of real and personal property."

Pale. "Doesn't Hilda look awful!" "Perfectly terrible! The rest of her face is as white as the tip of her nose."

Hardly Worth Considering. "Would your wife vote for you as a candidate for office?" "I don't think there's any use of my bothering my head about that," replied Mr. Meekton. "I don't believe Henrietta would let me run in the first place."—Washington Star.

Wise Widow. "Blank married a rich widow, but they don't get along very well." "What's the trouble, her disposition?" "Yes, her disposition to handle all her money herself."—Boston Evening Transcript.

WAGE INCREASE FOR 2,700

For Per Cent. Extra for Thread Mill Employees After May 1.

After the first of May all employees of the local plant of the American Thread company will receive an increase of ten per cent. There are at present something over 2,700 operatives employed in the local mill and it is estimated that the increase in wages will total about \$400 a week. It was not stated whether the other mills of the American Thread company will receive the same increase, but it is thought to be general in all the mills of the plant. It is understood that for the past month experts have been working on the wage list of the company for the purpose of deciding on a uniform raise, the amount of which was made known Friday. The relations between the officials of the company and the operatives are very cordial and the officials are trying to improve general conditions. Nearly all of the manufacturing plants in the city have increased their wages January 1, and in the aggregate the increase has been quite large. This has been done by the local merchants who for the past two months say that business has been more plentiful and business has shown a great improvement.
